

DRAWING AMENDMENTS

Please replace the fourteen original drawing sheets with the nineteen Replacement Sheets (so labeled) hereto attached.

The fourteen original drawing sheets contain Figs. 1-55B described in the specification at pages 7-10. The twenty Replacement Sheets contain all of the same Figs. 1-55B, i.e., Figures respectively substantively identical to the corresponding numbered Figures on the fourteen original sheets, but corrected to overcome the informalities specified in Form PTO-948 attached to the aforementioned Notice Regarding Drawings. None of the original Figures is omitted, and no new Figures have been added.

Four of the fourteen original drawing sheets (sheets 1, 3, 9 and 11) are so crowded with multiple Figures that it would be undesirable to maintain the same arrangement and number of Figures on single Replacement Sheets respectively corresponding to these four sheets, from the standpoint of clarity of drawings. Accordingly, in these instances a single original sheet has been replaced with two or three Replacement Sheets. The correspondence between original and Replacement Sheets is as follows:

<u>Original Sheets</u>		<u>Replacement Sheets</u>	
<u>Sheet No.</u>	<u>Figs.</u>	<u>Sheet No.</u>	<u>Figs.</u>

R E M A R K S

All the original drawing Figures (1-55B) have been replaced with corrected drawing Figures (1-55B), solely for the purpose of correcting the informalities specified on Form PTO-948 attached to the Notice regarding Drawings. The Replacement Sheets are copies of those filed in application No. 10/330,636 (a division of the present application; see Pub. No. US 2003/0168076 A1) and the Figures therein are respectively substantively identical to the original drawing Figures. No new matter has been introduced.

The Replacement Sheets respectively correspond to the original drawing sheets except that in four instances, owing to overcrowding of Figures on the original sheets, the Figures contained on one original sheet are arranged in two or three Replacement Sheets, viz.: the original sheet containing Figs. 1-8 has been replaced by two Replacement Sheets respectively containing Figs. 1-5 and 6-8; the original sheet containing Figs. 12-19 has been replaced by two Replacement Sheets respectively containing Figs. 12-16 and 17-19; the original sheet containing Figs. 47-48C has been replaced by two Replacement sheets respectively containing Figs. 47 and Figs. 48A-48C; and the original sheet containing Figs. 50A-53B has been replaced by three Replacement Sheets respectively containing Figs. 50A-50C, Figs. 51-52C and 53A-53B. There is a one-to-one correspondence between all other original sheets and Replacement Sheets, with respect to the Figures they contain.

Entry of this Drawing Amendment is courteously requested.

Respectfully,
